Dear Mr. Webster:

Your November 20 letter to Director Wick concerning a potential Voice of America worldwide broadcast on the protection of communications and data processing systems arrived today. Director Wick is away from Washington and I will bring your letter immediately to his attention upon his return next week.

On November 2, 1987 Acting Director Marvin L. Stone responded to General Odom's memorandum by stating that VOA has no current plans to produce such a program.

I am including a copy of Mr. Stone's letter to General Odom.

Sincerely,

*Stephen M. Chaplin*

Dear General Odom:

In the absence of Director Wick, I would like to thank you for your letter dated October 13, 1987. Unfortunately, it only reached the United States Information Agency on October 29, which accounts for the delay in my reply.

VOA did not broadcast a program on the protection of communications and data processing systems, nor are there any current plans to produce one.

Please be assured that we appreciate the concerns you expressed.

Sincerely,

Marvin L. Stone  
Acting Director
